

MONACO Square

MONACO Square Lounge & Tower

Monaco is an all new outdoor series of bioethanol fires from Decoflame.

The decoflame® Monaco series has been designed by Kjell Thomsen to add the cosiness and wild romantic of an open fire to long summer nights in your garden, on your terrace or in your conservatory. The Monaco Square comes in two heights and is available in black, white and brushed stainless steel as standard. Small wheels for easy relocation are available as option.

The patented decoflame® burner is made of brushed stainless steel and is encased by a hardened glass surround.

Specifications

Materials:
Glass, steel and stainless steel.
